

Environmental Studies Internship Opportunity Form

Organization: CU Environmental Center

Address: UMC 355 // 207 UCB

City: Boulder State: CO Zip: 80305

Contact person: Sarah Dawn Haynes

Email: earthelp@colorado.edu Phone: 303.492.7360

Number of interns requested for spring: TBD 1-5 students

Summer: TBD 1-5 students

Nature of project(s) and skills required:

Positions vary- Teach For Sustainability, Earth Ed, Earth Day event planning, Communikey Festival, Summer Orientation Team, Environmental Justice, Green Teams, and more. Currently working with Mountain Research Station, UCAR/NCAR, Shambhala Meditation Center, and others to create Internships- so stay tuned!

Skills required:

- People who can follow directions, but can also take initiative.
- Some work is independent, but much of it is in teams: must understand collaboration
- Students who understand how to implement their sustainability knowledge in outreach and operations. (Volunteering is the perfect way to get experience!)
- Creative, and can share ideas.
- Dependable.
- Playful! This work isn't about doom and gloom- it is about possibility!
- Values diversity and committed to inclusivity
- Walks the Talk! How do you live sustainably?
