

NATURAL CAPITALISM SOLUTIONS INTERNSHIP PROGRAM
IMPLEMENTING GENUINE SUSTAINABILITY
WWW.NATCAPSOLUTIONS.ORG

Are you looking for more **sustainability experience** in a cutting-edge, dynamic organization that promotes, supports, and teaches sustainability?

Are you ready to **put theory into practice** by working on current sustainability projects?

Are you passionate about **making a difference** in the world?

If so, consider becoming an intern at Natural Capitalism Solutions (NCS), a non-profit that works with companies, communities, countries, and governments to increase sustainability, efficiency, and profits.

At Natural Capitalism Solutions, interns have the opportunity to:

- Work with the NCS team and sustainability pioneer, **Hunter Lovins**.
- Take active part in innovative discussions and planning sessions involving critical thinking about sustainability issues and practice.
- Research, compose, and prepare background materials for various levels of project work.
- Gain practical research experience in the sustainability field.
- Help create tools to assist businesses and industry to develop sustainable practices and become sustainable organizations.
- See the direct results of your work on the structure of capitalism.
- Receive recognition for work on published reports.
- Participate in local conferences, industry & networking events, staff meetings, & company outings.
- Hear world-class speakers from various fields pertaining to sustainability.

In the past year NCS has worked with a variety of local communities and corporate clients representing 3% of US GDP. Interns help implement genuine sustainability on a multitude of projects for corporate clients, small businesses, communities, and countries. Work will consist of research and analysis for client presentations, reports, and education. Additional assistance may include work on regenerative communities, green jobs, clean energy economy, marketing, and speech support for Hunter Lovins. Throughout the program interns will assist with a variety of tasks but will typically follow one major project. For more specific information please contact Lily Thaisz (resume@natcapsolutions.org)

Preferred qualifications:

- A desire to learn,
- Research experience,
- Proficiency with Microsoft Office,
- Exceptional writing skills,
- Ability to be flexible and multitask,
- Knowledge of the [Principles of Natural Capitalism](#).

The internship is unpaid and requires 15-25 hours per week (flexible.)

Interns need to be able to work in the office to complete internship duties.

To apply, please send resume and writing sample to Lily Thaisz, resume@natcapsolutions.org with the subject line "Internship Application for [season or months]." For information on past projects visit natcapsolutions.org or email Lily Thaisz.

Past interns have gained employment at: Standard Renewable Energy, Weecycle Environmental Consulting, Boulder Green Building Guild, Clean Energy Action, Department of Health, and NCS, among many others.
